The fees for these services will be \$ 20.00 per session with payment due at the beginning of each session. The ISU-Meridian Center policies concerning missed appointments have been explained to me. I have been told about the risks and benefits of receiving these services and the risks and benefits of not receiving these services, for both this minor and his or her family.

**Confidentiality:** I understand that, under Idaho law, minors do not have a legal right to confidentiality. \_\_\_\_\_ **What to Expect:** Appointments are 50 minutes in duration, once per week, at a regularly scheduled time, although schedules may be more or less frequent as needed. You are expected to arrive on time and your session cannot be extended due to late arrival. If you need to cancel your appointment please leave a message on the clinic voicemail, (208) 373-1719, at least 24 hours before your scheduled session.

The ISU Meridian Counseling Clinic is open when school is in session during the fall, spring, and summer semesters and is not staffed during school holidays. This may mean you will not be able to see your student counselor for one to four weeks between semesters. Your student counselor will work with you in advance to plan for these breaks and provide referrals if needed.

You have the right to considerate, safe and respectful care, without discrimination as to race, ethnicity, color, gender, sexual orientation, age, religion, or national origin. Your student counselor is a safe person to talk with about any of these topics. The ISU Meridian Counseling Clinic is a designated Safe Zone; a program designed to increase awareness, affirmation, and acceptance of those who identify as lesbian, gay, bisexual, trans, and/or experience their gender identity and/or sexual orientation on a continuum.

The ISU Meridian Counseling Clinic is a teaching facility made up of master's and doctoral level students working towards their degrees. As students progress or graduate they will no longer continue to work in the clinic. Student counselors will inform you in advance of any changes in their availability. If the need arises for the student counselor to transition out of the clinic, they will work closely with you to create an individualized plan to support you with your goals for counseling.

\_\_\_\_\_ **Risks and Benefits:** There is a possibility of risks and benefits which may occur in counseling. Counseling may involve the risk of remembering unpleasant events; arouse strong emotional responses; and impact client's relationships. The benefits from counseling may be an improved ability to relate with others; develop a clearer understanding of self, values, goals; increased academic productivity; and an ability to deal with everyday stress. Speaking honestly about your experience will increase your student counselor's ability to assist you.

\_\_\_\_\_ **Limitations of Service:** The student counselors at the ISU Meridian Counseling Clinic are not licensed counselors. All are master's level and/or doctoral students working under the supervision of licensed counselors in faculty or doctoral student positions. Your student counselor is unable to diagnose, provide insurance billing, evaluate for parental fitness and custody, court or legally mandated services, or offer counseling pertaining to criminal proceedings.

\_\_\_\_\_ **Payment and Billing:** Payment is due at the beginning of each counseling session and your student counselor is unable to see you without payment. We are unable to bill insurance at ISU Meridian Counseling Clinic. If you are unable to afford the fee please discuss this situation with your student counselor and we may be able to provide sliding scale, or pro bono services, on a limited basis. You may not carry forward a credit; please pay for each counseling session individually.

**Crisis Communication:** To contact your student counselor please call the Clinic voicemail, (208) 373-1719, and leave a message. Your student counselor will return your call in a timely manner. We are unable to provide emergency services. If you have an emergency, please call 911 or go to your nearest emergency room.

**Electronic Communication:** MCC staff will not interact with clients via social media. Any social media presence by MCC or staff members will not be continuously monitored and will not be utilized as a means of communication between client and clinician. In addition, MCC staff will not utilize text messaging, instant messaging, Snapchat, or similar communications to interact with students. Students may opt to be contacted by a voice phone call or, by client request, email. Email will only be used for scheduling purposes and not as a form of communication about therapeutic issues or for crisis intervention. Staff do not monitor email outside of regular business hours and may not check email consistently throughout the day.

**School Environment:** The ISU Meridian Counseling Clinic shares a building with Renaissance High School and the West Ada School District Offices. The school is required to conduct periodic fire drills and lock down procedure drills. In the event of a fire drill an alarm will sound and you will be required to exit the building and gather at the designated assembly location in the parking lot. You will be permitted to return to the building after a short period. In order to maintain confidentiality your student counselor will not discuss any issues outside of the session. In the event of a lock down drill you will be asked to stay in the counseling room until the all clear is given. In the event of a real lock down emergency you are asked to use good judgement and either remain in the locked suite or quickly exit should you feel this is the safest course of action.

Due to the clinic's proximity to Renaissance High School, ISU Meridian Counseling Clinic is unable to offer services to registered sex offenders or individuals with a history of violence. Additionally, guns and weapons are not permitted on the premises.

**PANOPTO FAQ**

**What is Panopto?**

Panopto is video content management system (VCMS). This means that users\* of Panopto are able to record and or upload video sessions to an online storage system.

**How does Panopto work?**

Panopto allows users to log in to a password protected webhosted service to upload videos via a secure connection. Users are assigned a folder to which they can save their videos. These videos can then be played back online.

**How does ISU's Department of Counseling protect the video sessions?**

We secure videos through a combination of methods. Our first method is to assign each user a unique password that only allows them access to their folders, videos, and recording capacity. Second, we restrict the permission to view each user's folder. For example, an intern's folder will only be viewable by the user, their doctoral supervisor, and their faculty supervisor. Third, we will be deleting videos once they have been viewed by the faculty supervisor or the current semester of study expires. Lastly, we enforce strict policies contained within our department's student manual that specifies the locations that videos may be viewed outside of supervision. For example, users are not permitted to play back videos in public spaces or in the presence of others not associated with their supervision. The viewing of videos is intended to be a private activity.

Your understanding and comfort using Panopto is important to us and we wish to continue providing education and training on how to make the use of Panopto as successful as it can be. If at anytime you have questions, please feel free to contact the following individuals

ISU Meridian Department of Counseling's Clinic Directo. Dr. Logan Lamprecht: (208) 373-1944, lamploga@isu.edu

ISU Department of Counseling's Chair. Dr. David Kleist: (208) 282-4315, kleidavi@isu.edu

ISU Department of Counseling Panopto Technology Coordinator. Chad Yates: (208) 282-3158 yatechad@isu.edu

**Is Panopto secure?**

Panopto uses SSL\*\* in the web interface to encrypt all sensitive user information. The Panopto server uses password hash checking. Passwords are not stored as plaintext. Although using a server-based video content management system is never 100% safe we feel the use of this system helps us to guarantee a level of security unreachable before now.

**Definitions**

\*Users include the following: counseling master's students enrolled in practicum and internship, ISU counseling department supervisors (assigned doctoral students), and ISU faculty members.

\*\* SSL (Secure Sockets Layer) is the standard security technology for establishing an encrypted link between a web server and a browser. This link ensures that all data passed between the web server and browsers remain private and integral.

**Is Panopto secure?**

Panopto uses SSL\*\* in the web interface to encrypt all sensitive user information. The Panopto server uses password hash checking. Passwords are not stored as plaintext. Although using a server-based video content management system is never 100% safe we feel the use of this system helps us to guarantee a level of security unreachable before now.

**Definitions**

\*Users include the following: counseling master's students enrolled in practicum and internship, ISU counseling department supervisors (assigned doctoral students), and ISU faculty members.

\*\* SSL (Secure Sockets Layer) is the standard security technology for establishing an encrypted link between a web server and a browser. This link ensures that all data passed between the web server and browsers remain private and integral.
