

Idaho Math Transitions

Foundational Standards: Geometry

Course Description

This professional development course for in-service educators and administrators will focus on strategies for helping all students find success with Geometry standards. The course will teach the developmental trajectory of geometric understanding and strategies for differentiation. It will also discuss successful practices for providing intervention for students who struggle to understand Geometry content.

Course Objectives

- Explore strategies for helping all students succeed with Geometry standards
- Explore the development trajectory of geometric understanding and strategies for differentiation.
- Discuss and share successful practices for intervention for struggling Geometry students.
- Share and identify sources of rich, deep Geometry resources, both content and instructional methods.

Meeting times

Session 1: Tuesday, April 16 (4:00 - 5:30 PT/5:00 - 6:30MT) via Zoom
Geometry for All

Session 2: Tuesday, April 30 (4:00 - 5:30 PT/5:00 - 6:30MT) via Zoom
Geometric Understanding: Exploring the Developmental Trajectory

Session 3: Tuesday, May 14 (4:00 - 5:30 PT/5:00 - 6:30MT) via Zoom
Geometry for All: Strategies for Success

Session 4: Face-to-Face In Person Meet ups:
Wednesday June 5 Boise
Thursday June 6 Pocatello
Tuesday June 11 Lewiston
