Note the Following as You Pursue this Program:

- Please see our web site for more information at: https://www.isu.edu/spel/
- 2) You must be admitted to the Graduate School and accepted by the School Psychology Program to register for courses in any term. Follow this schedule to register for courses, do not self-advise, please check with your School Psych Program advisor & complete your Program of Study promptly! This program follows a specific "sequence" of courses showing when and the order they are available, please follow the sequence.
- 3) "AO" = Asynchronous Online: No specific physical classroom or time required to meet. It is 100% online.
 "SO" = Synchronous Online: There is a set up time to meet virtually.

- 3) SCPY 6668 and 6669 are field experience courses. The instructional delivery method is Synchronous Online (SO) but there are practicum requirements (e.g., assessment, intervention) in a physical school site in Idaho.
- 4) The terminal degree for our program is the Ed.S. School Psychologist, which will allow the opportunity for state certification and becoming a Nationally Certified School Psychologist (NCSP): https://www.nasponline.org/standards-and-certification/national-certification
- 5) The M.Ed. may afford you a master's degree and employment opportunities that support the testing role.
