

A total of 4 credits of approved upper-division electives in chemistry (excluding CHEM 400, 4481, 4482 and 4491) is also required.

Options for those upper-division electives include any combination of the following:

3341&3342

3351&3352

3331&3334

4433&4437

3365&3366

4407 (taught ALTERNATE springs.)

4432 or 4445&4447

4438

All of the above options have pre-requisites which must be satisfied.
