

Academic Standards Council

Agenda for Friday, 17 March 2023, 2:00-4:00 p.m.

HyFlex Meeting: Room 102 (Administration Building) and Zoom

### **1) ISU Withdrawal Policy**

Corey Zink, Interim Associate Vice President for Enrollment Management, will present to ASC a suggested adjustment to ISU's current withdrawal policy. (discussion item)

### **2. Data on the Number of Certificates and Minors Earned by ISU Students**

Please review in Box the Excel sheets supplied by Vince Miller in Institutional Research. The data on the sheets show the number of students graduating in a given year with two certificates and the number graduating in a given year with two minors. No student has earned three certificates or more in a year, and no student has earned three minors or more in a year. In a subsequent email exchange, Vince Miller has also informed me that no student has earned a combination of more than one certificate and more than one minor in a given year. This data is meant to inform ASC in establishing potential guidelines on the number of certificates and minors students may earn in a given year. (discussion item)
