

Academic Standards Council
Agenda for Friday, 16 September 2022, 2:00-4:00 p.m.
Room 102, Administration Building

Attendance:

Recording Administrator: Ann Medinger

1) Certificates

Please review on [Box](#) three items pertaining to certificates: 1) certificate webpages at several neighbor/peer institutions, 2) the Idaho SBOE policy on certificates, and 3) an Excel spreadsheet on the number of certificates awarded by department and college at ISU during the last twelve years. As we consider ISU policy concerning certificates, ASC members may find the data helpful in representing their constituents who may be affected by any changes.

The documents above were shared with you last spring; I will report on some new guidance forthcoming from the ID SBOE and highlight several issues we have been asked to think about in drafting policy on certificates. (discussion item)

2) ASC Format

We will need to discuss whether ASC should meet in person, via Zoom, or through a combination of the two. (discussion item)
