

Tuberculosis Screening Requirement

ISUPP #5020

Faculty, staff and students from countries identified as high TB risk or who have visited or lived in a high risk country for more than 6 months are required to complete TB screening. The testing must be completed within the United States, so please do not pursue advance testing in another country.

Are you from one of the countries listed below?

- YES NO

Have you ever visited or lived in one of more of the countries listed below for more than 6 months?

- YES NO

If the answer is YES to either of the above questions, Idaho State University requires that you have a TB screening by the University Health Center upon arrival on campus

Please contact:

ISU Health Center

990 Cesar Chavez (S 8th Ave)

208 282-2330

2015 WHO TB incidence > 40/100,000
