Share Your Accomplishments

In just under a month, the University Honors Program will be celebrating the 2024 OpportuniTea. This is our largest fundraiser of the year that raises money for the Honors Program, while celebrating the accomplishments of incredible students like you! We want to feature your accomplishments at the Tea!

Examples of accomplishments we would like to feature on a rolling slideshow for all OpportuniTea attendees include:

- Admission to graduate programs, summer research fellowships, or professional programs
- Awards or scholarships that you received during the 2023 - 2024 academic year
- Any internships or professional development opportunities that you have participated in this year or will complete this coming summer
- Research projects that you participated in this academic year or will participate in this coming summer
- Service opportunities that you have participated in
- Any employment offers or plans for after you graduate! (For graduating seniors)

Please reach out to Conner Suddick (connersuddick@isu.edu) with the information you would like to share!

NW NARCH Fellowship

Applications for the Tribal Researchers' Cancer Control Fellowship (TRCCFP) are still available on our website!: <https://www.npaihb.org/tribal-researchers-cancer-control-fellowship/>
Applications are due March 20th, 2024.

The Tribal Researchers' Cancer Control Fellowship Program (TRCCFP) will be held in person at the Northwest Portland Area Indian Health Board (NPAIHB). The NW NARCH will cover the travel-related costs of attendance. We will cover flights, hotel, per diem, and ground transportation to and from the airport. Travel details will be shared upon acceptance.

Accepted fellows will attend a two-week summer training in June 9-21, 2024 and a one-week follow-up training in the fall. We encourage AI/AN graduate students, researchers, and tribal health workers with a demonstrated interest in cancer prevention and control to apply.
